

Maternity & Child Health Facility Inaugurated

A Maternity and Child Health facility was inaugurated in A1 ward at the Town Campus on 21st November 2022. This facility will help address various needs of paediatric patients as well as those with obstetric and gynaecological issues. As per their request, provisions are made for increased admission to private wards. Senior representatives from various offices, as well as the heads of the departments of Paediatrics and Chaplaincy spoke on the occasion. A special word of appreciation was offered to the nursing team for their hard work towards setting up of various facilities to receive the patients.
